

## Client Assessment:

Family Health Center of Battle  
Creek  
Battle Creek, MI

Submitted by:

Tricia Williams  
Lead Physician Recruiter  
Family Health Center of Battle Creek  
Battle Creek, MI

Merritt Hawkins, the sole preferred permanent physician recruiting provider of the National Association of Community Health Centers (NACHC) is proud to receive letters and emails from satisfied clients. Below is an email we received from Tricia Williams, Lead Physician Recruiter for Family Health Centers of Battle Creek in Battle Creek, Michigan, commenting on the services Merritt Hawkins provided to her health center.

Family Health Center of Battle Creek has worked with Merritt Hawkins for approximately one year and we have been pleased with the service we have received.

As lead Physician Recruiter, I personally have worked with the Merritt Hawkins' Director of Recruiting, who is our consultant on the search. He quickly gained an understanding of our requirements and took the time to understand our culture and values. This resulted in the presentation of quality candidates who best met the needs of our Center. As a result of our consultant's enthusiasm and persistence, we were able to welcome a new physician into our practice. Based on his professionalism and follow through, I anticipate a long term relationship with Merritt Hawkins.

Though I am inundated with recruiter solicitations, Merritt Hawkins is always the first company we contact when we have permanent placement needs. They truly exemplify professionalism and quality service.
